INTRODUCTION

In the current scenario, everyone has the urge to start a profitable business venture. The only problem faced by the to-be-entrepreneurs is a lack of business knowledge and awareness, which yields good profit with less investment. In this write-up, we have covered the Cow dung wood making business, the importance and uses of cow dung wood, the raw materials and machines required in cow dung wood making business. It's one of the most attractive and unique cow dung business ideas. By doing a cow dung wood making business, you can easily earn Rs 10,000 in the initial months. The initial investment in the range of 20k-1.5 lakh will be enough to run this. It is evergreen and profitable business in the upcoming future. Even though its demand is high, due to lack of cow dung wood manufactures, meeting of every individual demand is difficult.

RAW MATERIALS REQUIRED

- Cow dung
- Dry straw
- Dry grass
- Clean water

MACHINES REQUIRED

- Mixing machine
- Cow dung wood maker machine
 - The price of machine costs around 40k-1lakh. By using this machine you can produce 1 kilo of wood in just 20

seconds. You can buy this machine easily from Indiamart website.

PROCESS OF WOOD MAKING:

STEP 1: Prepare a mixture of cow dung, dry straw and dry grass in the ratio of 60:30:10.

STEP 2: After that put the mixture of raw materials in the hopper of the machine. The wood-making machine transforms the blend of raw materials into a wooden loaf and throws it out.

STEP 3: The wooden loaf that came out of the machine is fragile as well as wet. You need to

put this wooden loaf under sunlight in order to dry it.

REGISTRATION AND REQUIRED LICENSES FOR COWDUNG WOOD MAKING BUSINESS:

MSME registration - After registering your business under MSME, you can get the loan amount easily. You can utilize this loan amount to purchase the machines required for running this business. That's why you must go ahead with MSME Registration for this business.

- Trade Licenses- If you want to start Cow Dung Wood Making Business, you must attain Trade License
- NOC from pollution control board

COW DUNG WOOD MAKING MACHINE

LOAN AVAILABILITY

As per the Waste to Wealth Scheme initiated by the Indian government under PMEGP and Pradhan Mantri Kaushal Vikas Yojana, business enthusiasts can get a subsidy/grant of up to 35% of the overall cost of the desired business. In order to enjoy benefits associated with loans/subsidies, business enthusiasts must get their businesses

registered under MSME. After registration, MSME will share the details regarding business with the bank. The amount of subsidy will be submitted to the same bank in 5-7 working days after approval of the loan amount.

MARKETING

People are less aware about cow dung based products. Through social Medias like Whatsapp, Instagram, Facebook we can sale our products. Because all are using social media, so we can easily make our product as reachable one. Without marketing we cannot sell our produce. By using online apps (Amazon, Flipkart, Meesho) also we can sell our products.

CONCLUSION

Therefore, by using a waste material we can generator an income through small level of initial investment. Now-a-days the younger generation are interested to a new business by own, but lack of knowledge and investment they are not involving much. By starting a cow dung wood making business they can generate a double income by constructing a dairy farm, through which we can get our raw material and

dairy products. Dairy become a main source of income and once we get orders continuously for cow dung wood we can earn around lakhs per annum. This will become a booming business if it's reach is high.
